

Dear Friends,

On behalf of the Israeli Weightlifting federation, it is my pleasure to invite you to the 2016 European Junior and Under 23 Weightlifting Championship to be held in the most unique city in Israel, Eilat. The Championship will be held from the 1st-11th of December 2016.

With great honor and appreciation, the Israel Weightlifting Federation would like to express our gratitude to the European Weightlifting Federation and the President Dr. Antonio Urso, for having ongoing trust in our federation to conduct yet another Junior and Under 23 Championship.

Eilat is one of the most alluring and exquisite cities, with a view of the Red Sea from all points of the town, to the beautiful red mountains of Jordan; one could simply never get tired of the scenery. A plethora of excursions and attractions keep tourists and locals alike occupied. Our venues for this event will be impeccable to match the exceptional surroundings.

We hope that this championship be a significant stage for the future career of these young European weightlifters on the international scene, and will do our best to accommodate every necessary need.

We look forward to seeing all the Junior and Under 23 athletes, coaches and federations in December in Eilat.

Best of luck,
Oren Shai
Chairman of the Israeli Weightlifting Association

Eilat+
