

Dr. Hasan AKKUS
President

Dr. Milan MIHAJLOVIC
General Secretary

Istanbul, 3rd May 2021

*Dear Presidents,
Dear General Secretaries,
Dear Friends,*

I would like to congratulate our entire family on the successful return to the actual competitions, which we happily witnessed in Moscow.

Despite the unprecedented complications, many teams made it to the event and the electoral congress. Thank you for your participation! My special thanks go to those who joined the electoral congress virtually. Each and every vote contributed to the quality of this election, supporting its democratic virtues.

I am humbled to be elected the President of the European Weightlifting Federation. I take this role as honor with due responsibility. I take this role as an opportunity to protect our achievements and make a difference. I will put my best effort towards the trust of my supporters. I will go an extra mile toward those who voted differently. I take my mandate as an opportunity for better cooperation and true unity.

I wish to extend my appreciation to the community for trusting the elected General Secretary and other Executive Board and Committees' Members. I truly believe this board is capable of generating fresh ideas, approaching the challenges with the critical eye and producing effective solutions.

Kind regards,

Dr Hasan AKKUS
EWF President
